

K-LOVE an FM not LPFM station is a great assest to the local community. I can not imagine life with out K-LOVE. If it were to be replaced by a LPFM broadcaster providing other programming it would be devastating. K-LOVE provides service that makes people smile and have a GREAT day. If one person is listening and smiling everyone around that person is affected. The whole world is a better place because of KLOVE. I BEG you PLEASE keep family-friendly programming I have come to rely on. KLOVE supports wholesome values and has a positive encouraging impact on communities all across America. Again I ask PLEASE preserve FM translators and do NOT replace them with LPFM. Thank you!
